

Light-Weight Cylinder

Ready to fly

Our Light Weight cylinders are the perfect answer to the problem of transportation and high shipping costs. These handy cylinders are a real flyweight compared to their heavy standard siblings and are suitable for both repeated imaging and one-off shipping. Best of all, our Light Weight cylinders deliver premium print quality wherever it's needed, without compromise and in record time.

Advantages (depending on individual factors)

- Adaptable to health and safety procedure
- Effective weight reduction up to 50%
- Easy Handling
- Reduction of shipping costs between 25-40%
- Lower base costs - Ø 15-25% less
- Same printing quality like standard cylinder

Comparison

Light-Weight Cylinder vs. Standard Cylinder

Example Printing cylinder (both)

Cylinder lengtht: 1070 mm

Circumference: 550 mm
